Message from Chairperson

It is with immense pleasure that I warmly welcome you to Jaya Multiple Campus (JMC).

At JMC, we provide a nurturing educational environment where students excel both academically and personally. We foster a culture of growth and excellence, instilling leadership skill and high cognitive values in the students. The campus features modern facilities, including well-equipped classrooms, laboratories, libraries, and recreational areas for a comprehensive learning experience. We prioritize holistic development, offering a range of co-curricular and extracurricular activities that complement classroom learning encouraging students to showcase their talents in diverse fields.

Committed to affordability and accessibility, we offer scholarships and financial aid to ensure quality education is accessible to all deserving students. JMC was established in 2061 BS with the vision of providing quality education to students in the eastern part of Kathmandu valley. Over the years, JMC has become a distinguished college and the preferred choice for students across the country. For this achievement, I extend my sincere gratitude to the dedication of our faculty, the support of our founders, and the trust of our students and parents.

Thank you for considering Jaya Multiple Campus. We look forward to welcoming you into our academic family and helping you achieve your aspirations.

Jagannath Devkota
Chairperson

Message from Principal

Welcome to Jaya Multiple Campus (JMC), a beacon of quality education in Nepal!

JMC, integrated with Manakamana Secondary School (MSS), offers a holistic educational approach from foundation to university-level programs, ensuring a seamless and affordable educational pathway. We recognize the evolving demands of the 21st century and prioritize a comprehensive education that extends beyond textbooks. Our emphasis on extracurricular activities, sports, and global information access equips students with essential life skills and uncovers hidden talents, aligning with our motto, "Education for Humanity and Creativity."

Since its inception, JMC has excelled across various educational levels. At the school level (Grades 11 & 12), we have established a strong foundation with exceptional academic success. Our university programs, including MBS, BBM, BCA, BASW, and BBS, reflect our commitment to quality higher education, with incredible results. Additionally, we are working towards introducing new programs like BBA and BHM to enhance our academic offerings.

Currently, we have applied for a Quality Assurance and Accreditation (QAA) certificate from the University Grants Commission (UGC), reflecting our commitment to upholding high academic standards. We have received the letter of intent and are diligently progressing through the accreditation process.

At last, I extend sincere gratitude to all the students and parents for choosing Jaya Multiple Campus (JMC) for their educational journey, to all our well-wishers and stakeholders for their unwavering encouragement and support, and to the entire JMC family for their unyielding dedication. As a principal, I anticipate continuous trust and support from all and committed to achieving the best outcomes in future as well.

Let's continue fostering this spirit of excellence together!

Bhawani Prasad Paudel
Principal

Introduction

Jaya Multiple Campus (JMC) and its sister institution, Manakamana Secondary School (MSS), are both non-profit co-educational institutions affiliated with the National Examination Board (NEB) and Tribhuvan University (TU).

Situated in the peaceful and picturesque surroundings of Gokarna Forest, east of Kathmandu, JMC serves as an extension of Manakamana English Secondary School. The latter has been a longstanding milestone in delivering outstanding academic performance since 2038 B.S.

JMC aspires to be a center of academic excellence for young learners who aim to play vital roles as responsible citizens. Furthermore, it is committed to providing a foundational education that prepares students for higher education. This nurturing environment fosters understanding and equips students to tackle the challenges they encounter.

Manakamana Secondary School offers Science, Management, Law and Humanities streams in grade XI and XII. JMC, on the other hand, offers Bachelor of Business Studies (BBS), Bachelor of Arts in Social Work (BASW), Bachelor of Computer Applications (BCA) and Master of Business Studies (MBS) all affiliated with TU.

Vision

We offer exceptional academic programs across various fields at our college, empowering students to change their lives and mold their future.

We prepare our students to be professional, skilled individuals, fitted for the modern world, committed to lifelong learning, and enabling them to contribute to the communities in which they live and work.

We place a high value on developing a mature approach to learning in which students are encouraged to challenge conventional wisdom, handle complexity, and benefit from difference and diversity.

We maintain consistently high standards across all areas of study. We aim to contribute to society through the pursuit of education at the highest level of excellence.

Aim

- To impart quality education to the students.
- To help the students explore the solutions to the difficulties themselves.
- To increase confidence and the power of reasoning.
- To encourage a sense of self-discipline, self-reliance, and self-motivation.
- To develop outstanding personalities enriched by values of life.
- To foster 5Cs- Character, Commitment, Conviction, Courtesy and Courage.
- To train students to cope with scientific challenges and to keep up to date with all the changes.
- To cater quality education in a reasonable fee structure.
- To conduct research work with the cooperation and coordination of different national and foreign institutions.
- To manage classes according to the needs, interests, abilities, and aptitudes of the students.

- To conduct different extra-curricular activities to boost their academic excellence.
- To unveil the innate capability of the students by providing a congenial atmosphere.
- To empower competitive and well-rounded individuals with intellectual and vocational expertise.

Student's Voice

After passing SEE, I was in confusion like other students to choose an ideal college. I actually wanted a college with good environment and experienced teachers and finally I chose JMC. My experience at JMC has inculcated in me various things. It has taught me that learning never ends. And where can you find a college with greenery beautiful environment as well as quality education? Well, I found both in JMC. I think JMC provided me a platform to flourish and inspired me to work hard.

The life at college is a time when you can decide your career. It is a time of dreams and innumerable paths. So, taking a right decision or choosing an ideal college is upmost. I think I have taken right decision choosing JMC and I am glad to be a part of JMC family.

Raj Kumar Poudel (Science)

Facilities/Activities

Library

Beyond the classroom, the library offers a treasure trove of resources for students to stay ahead and deepen their knowledge. It acts as a silent mentor, enriching their understanding and potentially correcting gaps in classroom learning. With a wealth of prescribed books, references, newspapers, and magazines, the library empowers students to become independent learners.

Yearly Activities

JMC fosters student talent through engaging activities. Throughout the year, we celebrate various occasions like Saraswati Pooja, Teachers' Day, Environment Day, and College Day, all featuring active student participation. These events provide a platform for students to showcase their hidden talents in a variety of fields.

Cafeteria

Our on-campus cafeteria offers delicious and nutritious meals at subsidized prices, ensuring a healthy and affordable dining experience for staff and students.

Hostel Facilities

Hostels, meticulously managed, cater to both boys and girls individually, offering essential amenities at reasonable rates. Resident students will benefit from complimentary tutorial sessions conducted by experienced and qualified instructors.

Computer Lab

In today's digital world, computer literacy is the cornerstone of success. Recognizing this, we have equipped our state-of-the-art computer lab with the latest hardware and software, ensuring students can develop the essential IT skills sought after by businesses and organizations.

Science Laboratory

The college has separate and spacious laboratories supervised by experts in Physics, Chemistry, and Biology.

Educational Excursion

The college organizes regular educational excursions to develop the qualities of social responsibilities and leadership in the students.

Transportation

The college has its shuttle services to provide transportation facilities for the desirous students.

Students Exchange Programs

The college arranges student exchange programs to develop educational excellence among the colleges.

Social Activities

Recognizing the importance of social awareness, JMC actively engages students in various social activities. This fosters a sense of responsibility and helps them understand their role in contributing to the community.

Counselling and Welfare

JMC empowers students for success with free academic counseling to guide their career paths and higher education choices. Additionally, we offer workshops, seminars, and discussions to equip them with the skills and knowledge to thrive both locally and internationally.

Publication

JMC nurtures creative and literary talents. Our biannual publication, JMC Insight, features student work in both Nepali and English. Additionally, journalism students hone their skills through a monthly magazine filled with articles, cartoons, and current events.

Scholarship and Awards

JMC recognizes academic achievement and financial need. We offer scholarships and awards in various categories to deserving students, providing them with financial, academic, and moral support. The Management Board carefully selects scholarship recipients.

Project Work

The college inspires the students to carry out different research and development projects with the view of innovating new ideas through participation. The students frequently go on educational tours outside the valley to gain Empirical knowledge.

Games and Sports

For the physical well-being of students, we involve them in different games and sports, apart from academic excellence. We have enough playing-materials for both Indoor and Outdoor games and spacious grounds to conduct any Outdoor games such as Volleyball, basketball, Table Tennis, Badminton, etc. In addition to this, we have Senior and National Level Coach for different games. They supervise and instruct students regularly to give outstanding performances and encourage students to participate in various inter-college competitions.

Student's Voice

Dibashna Adhikari (Science)

College life is one of the most remarkable and lovable times of an individual's life. I am a science student at Jaya Multiple Campus which is situated in a serene environment far from hustles of the city. The teaching staff at the college are the foundation of its existence, particularly the chemistry, math, and physics department teachers. In addition to helping me achieve academically, their coherent encouragement and counsel stoked my enthusiasm for the sciences. The laboratories at the college were places where I could explore, experiment, and learn to innovate. This practical method grabbed my interest and helped me learn the subject much better. In addition to academics, the college had a flourishing social scene. The friendly atmosphere of the college was enhanced by the working personnel. I feel appreciated and supported by their kind and compassionate manner. In summary, my stay at this college is about more than simply academics it is about friendship, personal development, and life-changing experiences.

Salient Features

- A collaborative initiative by Jorpati's Private and Boarding Schools' Forum.
- Affordable fees
- Located in a very serene and attractive surrounding
- A highly academic and self-disciplined learning environment
- Well-equipped Library and Science Laboratory
- Additional Curriculum for extra-curricular activities
- Interactive sessions with renowned faculty from top universities.
- Special classes for Music, Fine Arts, and Creative Writing
- Classes in both English and Nepali medium
- Efficient administration, highly experienced and qualified faculties
- Regular health check-ups for both staff and students
- Transportation facilities
- Scholarship schemes for deserving students
- Hostel facilities for boys and girls
- Sufficient sports materials
- Quick and easy accessibility to the college
- Vocational training will be provided for deserving students
- Individual counseling and extra-coaching for weak students
- Regular evaluation and parents-teachers meeting

Student's Voice

Ashma Lama (Management)

"Hospitality is simply an opportunity to show love and care."

Being a student of hotel management, I know my future is very bright because God has created makes the man but Jaya Multiple Campus makes the professional man. JMC with kitchen lab and many other things are not the real assets but the intangible things like hospitality is. I believe the teachers are the real assets of the college and I'm not just talking about the ones who teach us but also the executives, coordinators and the discipline incharge. This college focuses on quality rather than quantity. Constant support from the faculty members and friendly atmosphere has helped me a lot to excel both as a student and as a human being. The best thing about the college is the sense of freedom and independence you get.

Management *Stream* ^{Grade} 11 12

JMC under the banner of MSS offers the two-year, grade 11 and 12, Management program by NEB, which lays a strong foundation for business careers. It equips students with core management principles, analytical skills, and problem-solving abilities, preparing them for success in various organizations and future Bachelor's programs.

1. Compulsory English
2. Compulsory Nepali
3. Social Studies & Life skill/ Mathematics
4. Accounting
5. Economics
6. Business Studies / Hotel Management / Computer Science

Student's Voice

Sudiksha Kandel (Management)

I can still remember the day that started with freshness of soft breeze and breathing cryptic air with the oath (promise) of favoring progress in the coming days. That was the day when I took my first step in JMC. The sun I saw glistening brightly. Time passes swiftly that it's already been one year here gaining quality education in the presence of peaceful environment, also giving emphasis on extracurricular activities. I believe that we students have not only been developing skills and moving with enthusiasm of discovering new things but also have been able to build a better community. A part of me will always reside in JMC.

Science *Stream* ^{Grade} 1112

The two-year grade 11 and 12 Science program at JMC equips students with a strong foundation in Physics, Chemistry, Biology, and Mathematics. This rigorous curriculum, combining theory and practical work, fosters critical thinking and problem-solving skills. It prepares graduates for careers in science, technology, engineering, medicine and more.

1. Compulsory English
2. Compulsory Nepali
3. Mathematics
4. Physics
5. Chemistry
6. Biology / Computer Science

Humanities *Stream*

Grade
11**12**

JMC's two-year NEB Grade 11 & 12 Humanities program offers a well-rounded foundation for students aiming for careers in humanities and social sciences. Combining language studies with subjects like Sociology, Mass Communication and Major English/Nepali, it fosters critical thinking, communication skills, and prepares students for further studies.

1. Compulsory English
2. Compulsory Nepali
3. Social Studies & Life skill
4. Mass Communication
5. Sociology
6. Optional English / Nepali

Student's Voice

Kushal Dhungel (Science)

Among thousands of choices, I chose JMC for building the ladder for my future because education is not only about the intelligence, but also enhancing skills. JMC prepares the students to build good character which is the goal of true education. Looking back my one year at JMC, I have improved all the aspects of education and life. I am very happy and proud to be a part of JMC. Equip the students with required conceptual knowledge of business and management.

JMC's two-year NEB grade 11 and 12 Law program lays a strong foundation in legal principles for aspiring lawyers and social scientists. It endows students with critical thinking, reasoning and communication skills, preparing them to navigate the legal system and contribute to a just society.

1. Compulsory English	11/12
2. Compulsory Nepali	11/12
3. Social Studies & Life skill	11/12
4. Constitutional Law	11
5. Jurisprudence & Legal Theories	11
6. Procedural Law	11
7. Nepalese Legal System	12
8. Civil & Criminal Law & Justice	12
9. Legal Drafting	12

Student's Voice

Mohammad Ali (Management)

In my view choosing college after SEE has always been difficult task for every student who looks forward to a better academic career and personal growth. I too went through the same situation but my problem was solved after visiting Jaya Multiple Campus, located at Makalbari, Jorpati, Kathmandu.

I would like to ask, what do you look for in an ideal college? Well in my opinion, an ideal college should have facilities of all subjects including co- curricular activities. Needless to say, I found both in JMC, so I have chosen this college. The college has fine infrastructure; the spacious class rooms, big playground, well equipped library, well equipped Science lab, computer lab and Hotel Management lab. I found teachers are experienced and friendly. In my view, JMC has provided me the opportunity for learning in friendly way and sharing same interests and a supportive management that provides variety of offers and programs to showcase our talents and potentialities. It has a strong alumni network that can offer valuable connections and support. Therefore, I am proud to be the part of such a fine college and request the new comers to choose this college for your better future.

University Programs at JMC

Jaya Multiple Campus (JMC) is another venture of “Jaya Memorial Education Foundation” after its tremendous success in secondary school. The College was initially conceived and established with the view to expand and upgrade up to a Master’s Degree in various faculties. So, as a next move, we introduced the BBS, BA, BCA and BBM in Bachelor’s Level in affiliation with Tribhuvan University (TU). Similarly, we have launched MBS program in Master’s Level.

BBS BACHELOR OF BUSINESS STUDIES

The purpose of the BBS program is to build a strong foundation in students to prepare them to comprehend business concepts, theories, and practices, concepts, tools, and understanding of the foundation and core courses which provide essentials of learning which in the broad area of business studies, understanding of the fundamentals of business studies. The core courses provide essentials of learning that are basic to understanding broader areas of business studies. The students are encouraged to focus on a particular functional and concentration area of business studies. Building on the foundation laid in the first, second, and third years, the principal mission of the fourth year is twofold: To enable the students to concentrate on one functional area of business. FOM offers four streams of concentration courses are Accounting, Finance, Management and Marketing

Eligibility Conditions for Admission

The candidate applying for admission to the BBS program must have successfully completed the Grade 11 and 12 in business/ commerce or an equivalent course from the National Examinations Board or another University/ Board recognized by T.U.

Final Project Work

Bridging the gap between theory and practice, all fourth-year BBS students complete a mandatory final project in their chosen concentration. This project involves a four-week fieldwork placement where students immerse themselves in an organization, studying its operations. Following this experience, students prepare a project report adhering to the Faculty of Management (FOM) format and submit it for evaluation by the campus. Presentations to classmates and/or faculty may also be required. A team of external and internal examiners appointed by the college's Research Department will assess the report. Project topics must align with the student's area of specialization.

Student’s Voice

Khushi Adhikari (Humanities)

If you plan to be a special educator, administrator, human service provider or clinician then you will find a diverse array of learning at Jaya Multiple Campus. With the very good learning peaceful environment, proper cafeteria, better transportation and well skilled professionals, you will be an active learner as you develop knowledge to transform the way you think about professional practices and problems.

BA

BACHELOR IN SOCIAL WORK / JOURNALISM / ENGLISH

The Bachelor of Arts (BA) program at JMC offers a diverse and comprehensive education majoring in English, Social Work and Journalism and Mass communication. Through a combination of theoretical knowledge and practical skills, students are prepared for a wide range of careers in academia, public service, private industry, and beyond. Practical experience through internships, fieldwork, and community service bridges the gap between theoretical

knowledge and real-world application, while holistic development initiatives encourage students to explore their interests and develop new skills. Emphasizing on critical thinking skills, communication and writing skills with regular assessment and mentorship, we prepare students ready for their advanced studies and professional careers in the field of their interests.

BCA

BACHELOR IN COMPUTER APPLICATION

JMC offers Tribhuvan University's Bachelor of Computer Applications (BCA) program, offered under the faculties of Humanities and Social Sciences, is a four-year (eight-semester) undergraduate degree designed to cultivate skilled computer application users and developers. This program equips students with a comprehensive understanding of computer systems, programming languages, software development methodologies, database management, and networking fundamentals. JMC boasts of the state of the art computer lab to support students with latest skills.

Why to study BCA?

BCA course is designed in such a way that not only students from science background can get enroll in it but also students from management and humanities have a chance to make their IT profession through this course. The structure of this course is designed so as to enable a student who enrolls in this course will be benefited from different aspects such as, an extra programming language which college will

provide to their student from starting of the semester because main focus of this course on different programming languages, Project work can give a challenge to the student through which they can learn the teamwork which helps to make the path on their specialized field and an internship help student to grow as an IT professional involving in different IT companies from Nepal. They will get a chance to work in a team with different real-world programming and work management and communication tools during an internship. After completion of this course, one can continue their further in MIT (Masters in Information Technology) or in any IT courses in Nepal. Students can apply to a foreign university to continue their studies because the BCA program is valid and highly prioritized all over the world.

BBM

BACHELOR OF BUSINESS MANAGEMENT

Tribhuvan University's Faculty of Management offers the Bachelor of Business Management (BBM) program. This industry-focused curriculum equips students with the critical thinking and analytical skills necessary for success in today's dynamic business landscape. The program fosters essential skills like entrepreneurship, interpersonal communication, leadership, and self-confidence. These skills empower graduates to excel in management roles across various sectors, navigating both national and global competition. The BBM program is designed to develop well-rounded, industry-ready graduates with the potential for promising

careers and ongoing professional growth.

Eligibility Criteria for Admission

1. Students aspiring to be admitted to the BBM program must have passed grade 11 and 12 or other equivalent levels from any board recognized by TU.
2. Must have scored a minimum D grade in each subject in grade 11 and 12 with a minimum 1.80 CGPA.
3. Must have scored a minimum of 40% in CMAT.

Central Management Admission Test (CMAT)

Eligible candidates aspiring to enroll in BBM must appear in the CMAT test, usually taken within 2 weeks of the publication of Grade 12 results, conducted by the Faculty of Management, TU. The main objective of conducting this test is to evaluate prospective candidates' verbal and quantitative abilities. The test includes four areas: Verbal Ability, Quantitative Ability, Logical Reasoning, and General Awareness. There are altogether 100 objective questions which are divided equally among the four sections.

MBS

MASTER OF BUSINESS STUDIES

The Faculty of Management (FOM), at Tribhuvan University, has its ultimate objective of educating students for professional pursuits in business, industry, and government. It is further dedicated to contributing to increasing the knowledge and understanding of business and public administration. In this pursuit, FOM aims to develop a network with the management of business and public entities. It also aims to continuously innovate and promote cost-effective, socially relevant, modern technology-based educational programs in Nepal.

1. Program Objectives

The objective of the MBS program is to enable the students to work as competent managers and to meet the demands of higher-level managers in organizations, particularly in the functional areas of management. Upon graduation, a student is able to function as a manager in business, industry, government, and non-government sectors, within and outside the country, in areas like accounting, marketing, finance, and general management.

The MBS program specifically aims to:

- Equip the students with the required conceptual knowledge of business and management.
- Prepare managers in the functional areas of management.
- Develop knowledge and skills of business environment from a national and global perspective.
- Encourage entrepreneurial capabilities in students to make them effective change agents in Nepalese society.
- Develop research capability in the student.
